Title: ANONYMOUS CAMPAIGN LETTER USED
AGAINST SIDNEY YATES, CANDIDATE
FOR U. S. SENATE

Character: ELECTION LAWS

Synopsis:

[REDACTED] Evening and Sunday Journal, commonly known as East St. Louis Journal, East St. Louis, Ill., advised he recalled 2 envelopes and letters were received at that newspaper sometime during the latter part of September, 1962, setting out information of a political nature regarding SIDNEY YATES, which letters were anonymous. [REDACTED] stated both letters were identical and one was apparently destroyed; however [REDACTED] furnished the envelope and letter of the one retained by the newspaper. [REDACTED] advised he has no knowledge concerning who ordered the publication or who paid the printing bill or who was responsible for mailing the anonymous letter. He stated no distribution of the letter had been made by the East St. Louis Journal and none of the contents of the letter were used in any type of newspaper article. [REDACTED] stated he and 2 reporters handled this letter as he could best determine. Envelope and letter obtained from [REDACTED] forwarded to FBI Laboratory.

DETAILS:

This investigation is predicated upon request for investigation by the Bureau.

1

Date October 31, 1962

[redacted] of the Evening and Sunday Journal, East St. Louis, Illinois, advised that newspaper is commonly known as the East St. Louis Journal and is the only daily newspaper in East St. Louis. [redacted] stated as he recalled there was received in the newsroom the latter part of September, 1962, two anonymous letters in separate envelopes, both being identical, setting out information which he considered of a political nature regarding SIDNEY YATES, candidate for U. S. Senate. [redacted] determined through a search of the files and records of the newsroom that one of the envelopes and letters was still in that office; however, the other one had apparently been destroyed as he could not locate it. b6 b7C

[redacted] made available this envelope and letter, which envelope is a large size plain envelope with the typed address to the leading newspaper, East St. Louis, Illinois, and is postmarked September 21, 11:00 p.m., 1962, Chicago, Illinois, bearing a four-cent stamp. The typed letter as as follows:

"SOUTHERN ILLINOIS NEWSPAPERS:

"Sidney Yates, the second choice Democratic Candidate for Senator in Illinois, is a Jewish communist from the University of Chicago and would not be re-elected except that he lives in a Congressional District which is about 90% Jewish. Furthermore, his voting in Congress has been consistently left wing.

"I was born and raised a Democrat in Southern Illinois, but upon coming to Chicago, I find these are not my kind of people and I am looking forward to the day when other Democratic people in Little Egypt, will become enlightened.

"It is a well known fact that the last presidential election was stolen by the Dimmycrats right here in Chicago.

"Any publicity you can give along these lines will be much appreciated.

"Yours sincerely,

FEDERAL BUREAU OF INVESTIGATION

Date October 31, 19621

On October 30, 1962, [redacted] Robinson Daily News, a newspaper printed at Robinson, Illinois, advised that recently he received a letter through the mail which was simply addressed to "SOUTHERN ILLINOIS NEWSPAPERS" and was unsigned. This letter contained derogatory remarks about SIDNEY YATES, a candidate for the U. S. Senate.

b6
b7C

[redacted] stated that when he received the letter, he promptly forwarded it along with the envelope in which it was received to [redacted] described as more or less YATES' campaign chairman. He stated that his paper would not print such material and it was not of any value to him. He stated that he does not know the origin of this material and does not know of anyone who might have helped formulate this letter. He stated that he does not know of any others who might have received copies of this letter but assumed that all down-state newspapers must have received the letters.

[redacted] Office of Postal Inspector
In Charge, Post Office Department, Chicago, Illinois, furnished
the following information:

He could locate no record in his office pertaining to an anonymous letter regarding SIDNEY YATES, therefore, presumably, the matter had been referred to the office of the Chief Inspector at Washington D. C., without acknowledgment.

Upon being exhibited a photostat of the postmark contained on the envelope of the letter addressed "To the Leading Newspaper, Robinson, Illinois", he stated no information of value could be developed from the postmark as to where this letter was mailed. He stated the letter could have been mailed anywhere in the City of Chicago. All letters mailed in Chicago are processed at the main post office.

1.Date November 2, 1962

[redacted] member of the YATES for United States Senator Committee, Room 1022, 205 West Wacker Drive, Chicago, Illinois, furnished the following information:

[redacted] Robinson, Illinois Daily News, mailed a letter to him that the newspaper had received in the mail. This letter contained derogatory information regarding Mr. YATES. This letter was not used in any way by the newspaper. The letter and the transmitting envelope were forwarded a day or two after he received them to the postmaster of Chicago.

b6
b7C

[redacted] of the East St. Louis Journal, telephoned him on about October 3, 1962, and told him that newspaper had received a letter similar to the one received by the Robinson Daily News. [redacted] stated the letter would not be used by that newspaper. He has no knowledge as to what was done with the letter received by the East St. Louis Journal.

b6
b7C

The anonymous letter that he did receive appeared to be an amateurish operation, as anyone should know that a newspaper would not print such a letter.

He is well acquainted with newspapermen throughout the state, due to his prior activity in the newspaper field, and undoubtedly because of his acquaintance with newspapermen, was given the information concerning Mr. YATES. He had expected additional reports indicating a wide-spread circulation of this letter, however, only the two instances have come to his attention.

He has absolutely no suspicions as to the person responsible for the letters. The word "Dimmycrats", contained in the letter, is strange to him, and does not give any indication as to an area where this expression might be common. The letter he saw appeared to have been typewritten rather than printed.

Specimens received 11/5/62

- Q3 Envelope postmarked "CHICAGO SE 2 1962" and bearing type-written address "TO THE LEADING NEWSPAPER, EAST ST. LOUIS, ILL."
- Q4 Accompanying one-page mimeographed letter addressed "SOUTHERN ILLINOIS NEWSPAPERS:" and signed "AN AMERICAN"

Result of examination:

The envelope Q3 and the paper used for Q4 were found to be similar in physical characteristics to the envelope and letter, Q1 and Q2 previously submitted.

It was concluded that the mimeographed letter, Q4, was prepared either from the same stencil used for Q2 or from another stencil cut on the same typewriter as that used for the stencil for Q2.

The typewriting on the envelope Q3 is too limited for a satisfactory examination. However, it was noted that the typewriting on Q3 was prepared on a machine equipped with the same size and style of type as the machine used to prepare Q1. In addition a few typewriting characteristics were observed common to the typing on Q1 and Q3.

It is noted that the typewriter used for Q1 and Q3 is different from the typewriter used to cut the stencils.

The submitted evidence will be returned separately. Photographs are retained.

There are enclosed herewith the envelope and anonymous letter in connection with this matter received by the East St. Louis Journal. The envelope as well as the letter is typed and the address on the envelope is to the leading newspaper, East St. Louis, Illinois.

The contents of the letter are the same as has been previously set out in communication in connection with this matter.

The FBI Laboratory should conduct appropriate examinations and endeavor to develop any latent fingerprints thereon and Springfield and Chicago appropriately advised.

It is noted this letter was apparently handled by at least three people at the East St. Louis Journal, namely the [] and reporters []

In the event any latents are developed, appropriate elimination prints will be obtained from these individuals.

Mr. SIDNEY YATES not sent by them and that they had no
knowledge of such a communication.

Date November 9, 1962

B. APPROX. 1975

Mr. WILLIAM BREWSTER TABER, III was interviewed at his home, Rural Route #2, Kansas, Illinois. He was advised at the outset of this interview that he was not required to make a statement; that any statement he did make could be used against him in court, and of his right to counsel. He advised as follows:

He is 47 years of age and self-employed as a farmer. He attended the University of Chicago during academic 1935-36 but has not been in Chicago for approximately three years. TABER is actively engaged in anti-communist activities in Edgar County, Illinois. He is a home member of the John Birch Society and leads an anti-communist study group in Paris, Illinois. TABER led a similar study group at a nearby church but this group has disbanded due to lack of interest. He has spent approximately \$1,000 in the past year in postage for mailing of anti-communist literature to residents of Edgar County and adjacent counties.

TABER volunteered that he did not support the candidacy of Mr. SIDNEY YATES but stated that he had had no part in mailing anonymous letters to newspapers making allegations against Mr. YATES and had not heard that this had taken place. TABER said that he always opposed anti-Semitism in his anti-communist activities and is equally opposed to writers of anonymous communications. TABER said that any communications sent by him bear his name. TABER reported that there is no individual to his knowledge residing in or near Kansas, Illinois, named S. S. TABER, Sr. He related that the only member of his family who is similarly engaged in anti-communist activities is his father, Mr. WILLIAM BREWSTER TABER, JR.

TABER made available typewriter specimens from his Remington Rand typewriter, Serial Number J1138295.

Mr. WILLIAM BREWSTER ~~TABER~~, Jr., was interviewed at his home, Rural Route #2, Kansas, Illinois. He was advised at the outset of the interview that he was not required to make a statement; that any statement he did make could be used against him in court and of his right to counsel. He advised as follows:

He is 70 years of age and self-employed as a farmer. TABER has not been in Chicago, Illinois, in several years. He is actively engaged in anti-communist activities in Edgar County, Illinois, and is a home member of the John Birch Society. TABER assists his son, WILLIAM BREWSTER TABER, III in leading an anti-communist study group in Paris, Illinois and writes a column occasionally for local newspapers expressing anti-communist sentiment. He has spent approximately \$1,200 in the past year in postage for mailing of anti-communist literature to residents of Edgar County and adjacent counties.

TABER volunteered that he did not support the candidacy of Mr. SIDNEY YATES but had no part in mailing anonymous letters to newspapers making allegations against Mr. YATES and had not heard that this had taken place. TABER said that he had always opposed anti-Semitism in his anti-communist activities and is equally opposed to writers of anonymous communications. TABER related that any communications sent by him bear his name. TABER continued that it had never been his policy to insinuate that an individual was a communist or communist sympathizer without having some proof to support such a statement. He further observed that it was his opinion that the sending of anonymous communications, making such allegations merely served to antagonize individuals receiving such communications and did great harm to the anti-communist movement in this country.

TABER made available typewriter specimens from his Royal portable typewriter, SN A-2046132.

Synopsis: FBI Laboratory examinations disclosed paper comprising envelopes and letters contained no distinct features to indicate source. Anonymous letters were mimeographed from stencil cut on machine with IBM pica type. The type has been use since 1952. No latent prints developed.

- P -

56-3261-18

CG 56-198

DETAILS:

On November 1, 1962, the following specimens were submitted to the FBI Laboratory:

- Q1 Typewritten envelope postmarked "CHICAGO ILL. SEP 22 1962 5 30PM" addressed "TO THE LEADING NEWSPAPER, ROBINSON, ILL."
- Q2 Typewritten one-page letter beginning "SOUTHERN ILLINOIS NEWSPAPERS:..." and ending "...Yours Sincerely, AN AMERICAN"

On November 5, 1962, the following specimens were submitted to the FBI Laboratory:

- Q3 Envelope postmarked "CHICAGO SE 2 1962" and bearing typewritten address "TO THE LEADING NEWSPAPER, EAST ST. LOUIS, ILL."
- Q4 Accompanying one-page mimeographed letter addressed "SOUTHERN ILLINOIS NEWSPAPERS:" and signed "AN AMERICAN"

On November 7, 1962, the FBI Laboratory furnished the following results of examination:

The paper comprising Q1 and Q2 does not contain any watermarks or other distinctive features which would indicate the source of the paper used. The envelope is approximately 4 inches by 9½ inches and the typed letter measures approximately 8½ by 11 inches.

Q2 is a mimeographed document prepared from a stencil which was cut on a machine equipped with IBM electric pica type spaced 10 letters per inch. This particular style of type has been in use since 1952.

The address on the envelope, Q1, was prepared on a typewriter equipped with pica type but the amount of typewriting present is too limited to classify the particular style of type involved. It is noted that the stencil for Q2 was not cut on the machine used to address the envelope Q1.

CG 56-198

On November 13, 1962, the FBI Laboratory furnished the following results of examination:

The envelope, Q3, and the paper used for Q4 were found to be similar in physical characteristics to the envelope and letter, Q1 and Q2, previously submitted.

It was concluded that the mimeographed letter, Q4, was prepared either from the same stencil used for Q2 or from another stencil cut on the same typewriter as that used for the stencil for Q2.

The typewriting on the envelope, Q3, is too limited for a satisfactory examination. However, it was noted that the typewriting on Q3 was prepared on a machine equipped with the same size and style of type as the machine used to prepare Q1. In addition, a few typewriting characteristics were observed common to the typing on Q1 and Q3.

It is noted that the typewriter used for Q1 and Q3 is different from the typewriter used to cut the stencils.

On November 14, 1962, the FBI Laboratory advised no latent prints were developed from specimens Q1, 2, 3, and 4.

On November 13, 1962, typewriter specimens furnished by WILLIAM B. TABER, III, and WILLIAM B. TABER, Jr., Kansas, Illinois, were submitted to the FBI Laboratory for comparison with specimens Q1 to 4.

K1 Typewriter specimen taken from Remington Rand #SN J1138295 furnished by WILLIAM BREWSTER TABER III.

K2 Typewriter specimen taken from Royal Portable #SN A-2046132 furnished by WILLIAM BREWSTER TABER, Jr.

On November 26, 1962, the FBI Laboratory furnished the following results of the examination:

It was concluded that specimens Q1 through Q4, previously submitted, were not prepared on the typewriters used to prepare K1 and K2.

On November 29, 1962, Assistant United States Attorney [redacted] advised that in view of the fact that only two anonymous letters were known to have been sent, he would not consider prosecution even if the author were identified and, therefore, he believed further investigation was unwarranted.

Specimens received **11-1-62**

- Q1** Typewritten envelope postmarked "CHICAGO ILL. SEP 22 1962 5 30PM" addressed "TO THE LEADING NEWSPAPER, ROBINSON, ILL."
- Q2** Typewritten one-page letter beginning "SOUTHERN ILLINOIS NEWSPAPERS:..." and ending "...Yours Sincerely, AN AMERICAN"

Result of examination:

The paper comprising Q1 and Q2 does not contain any watermarks or other distinctive features which would indicate the source of the paper used. The envelope is approximately 4 inches by 9½ inches and the typed letter measures approximately 8½ by 11 inches.

Q2 is a mimeographed document prepared from a stencil which was cut on a machine equipped with IBM electric pica type spaced 10 letters per inch. This particular style of type has been in use since 1952.

The address on the envelope, Q1, was prepared on a typewriter equipped with pica type but the amount of typewriting present is too limited to classify the particular style of type involved. It is noted that the stencil for Q2 was not cut on the machine used to address the envelope Q1.

The submitted evidence is retained.
